& SURVIVAL**

TRUTH

DEFINITIONS

NATURAL LAW

- *Definitions* -

NATURAL:

Inherent; having a basis in Nature, Reality and Truth; not made or caused by humankind.

LAW:

An existing condition which is binding and immutable (cannot be changed).

HISTORICAL SIGNIFICANCE

NATURAL LAW

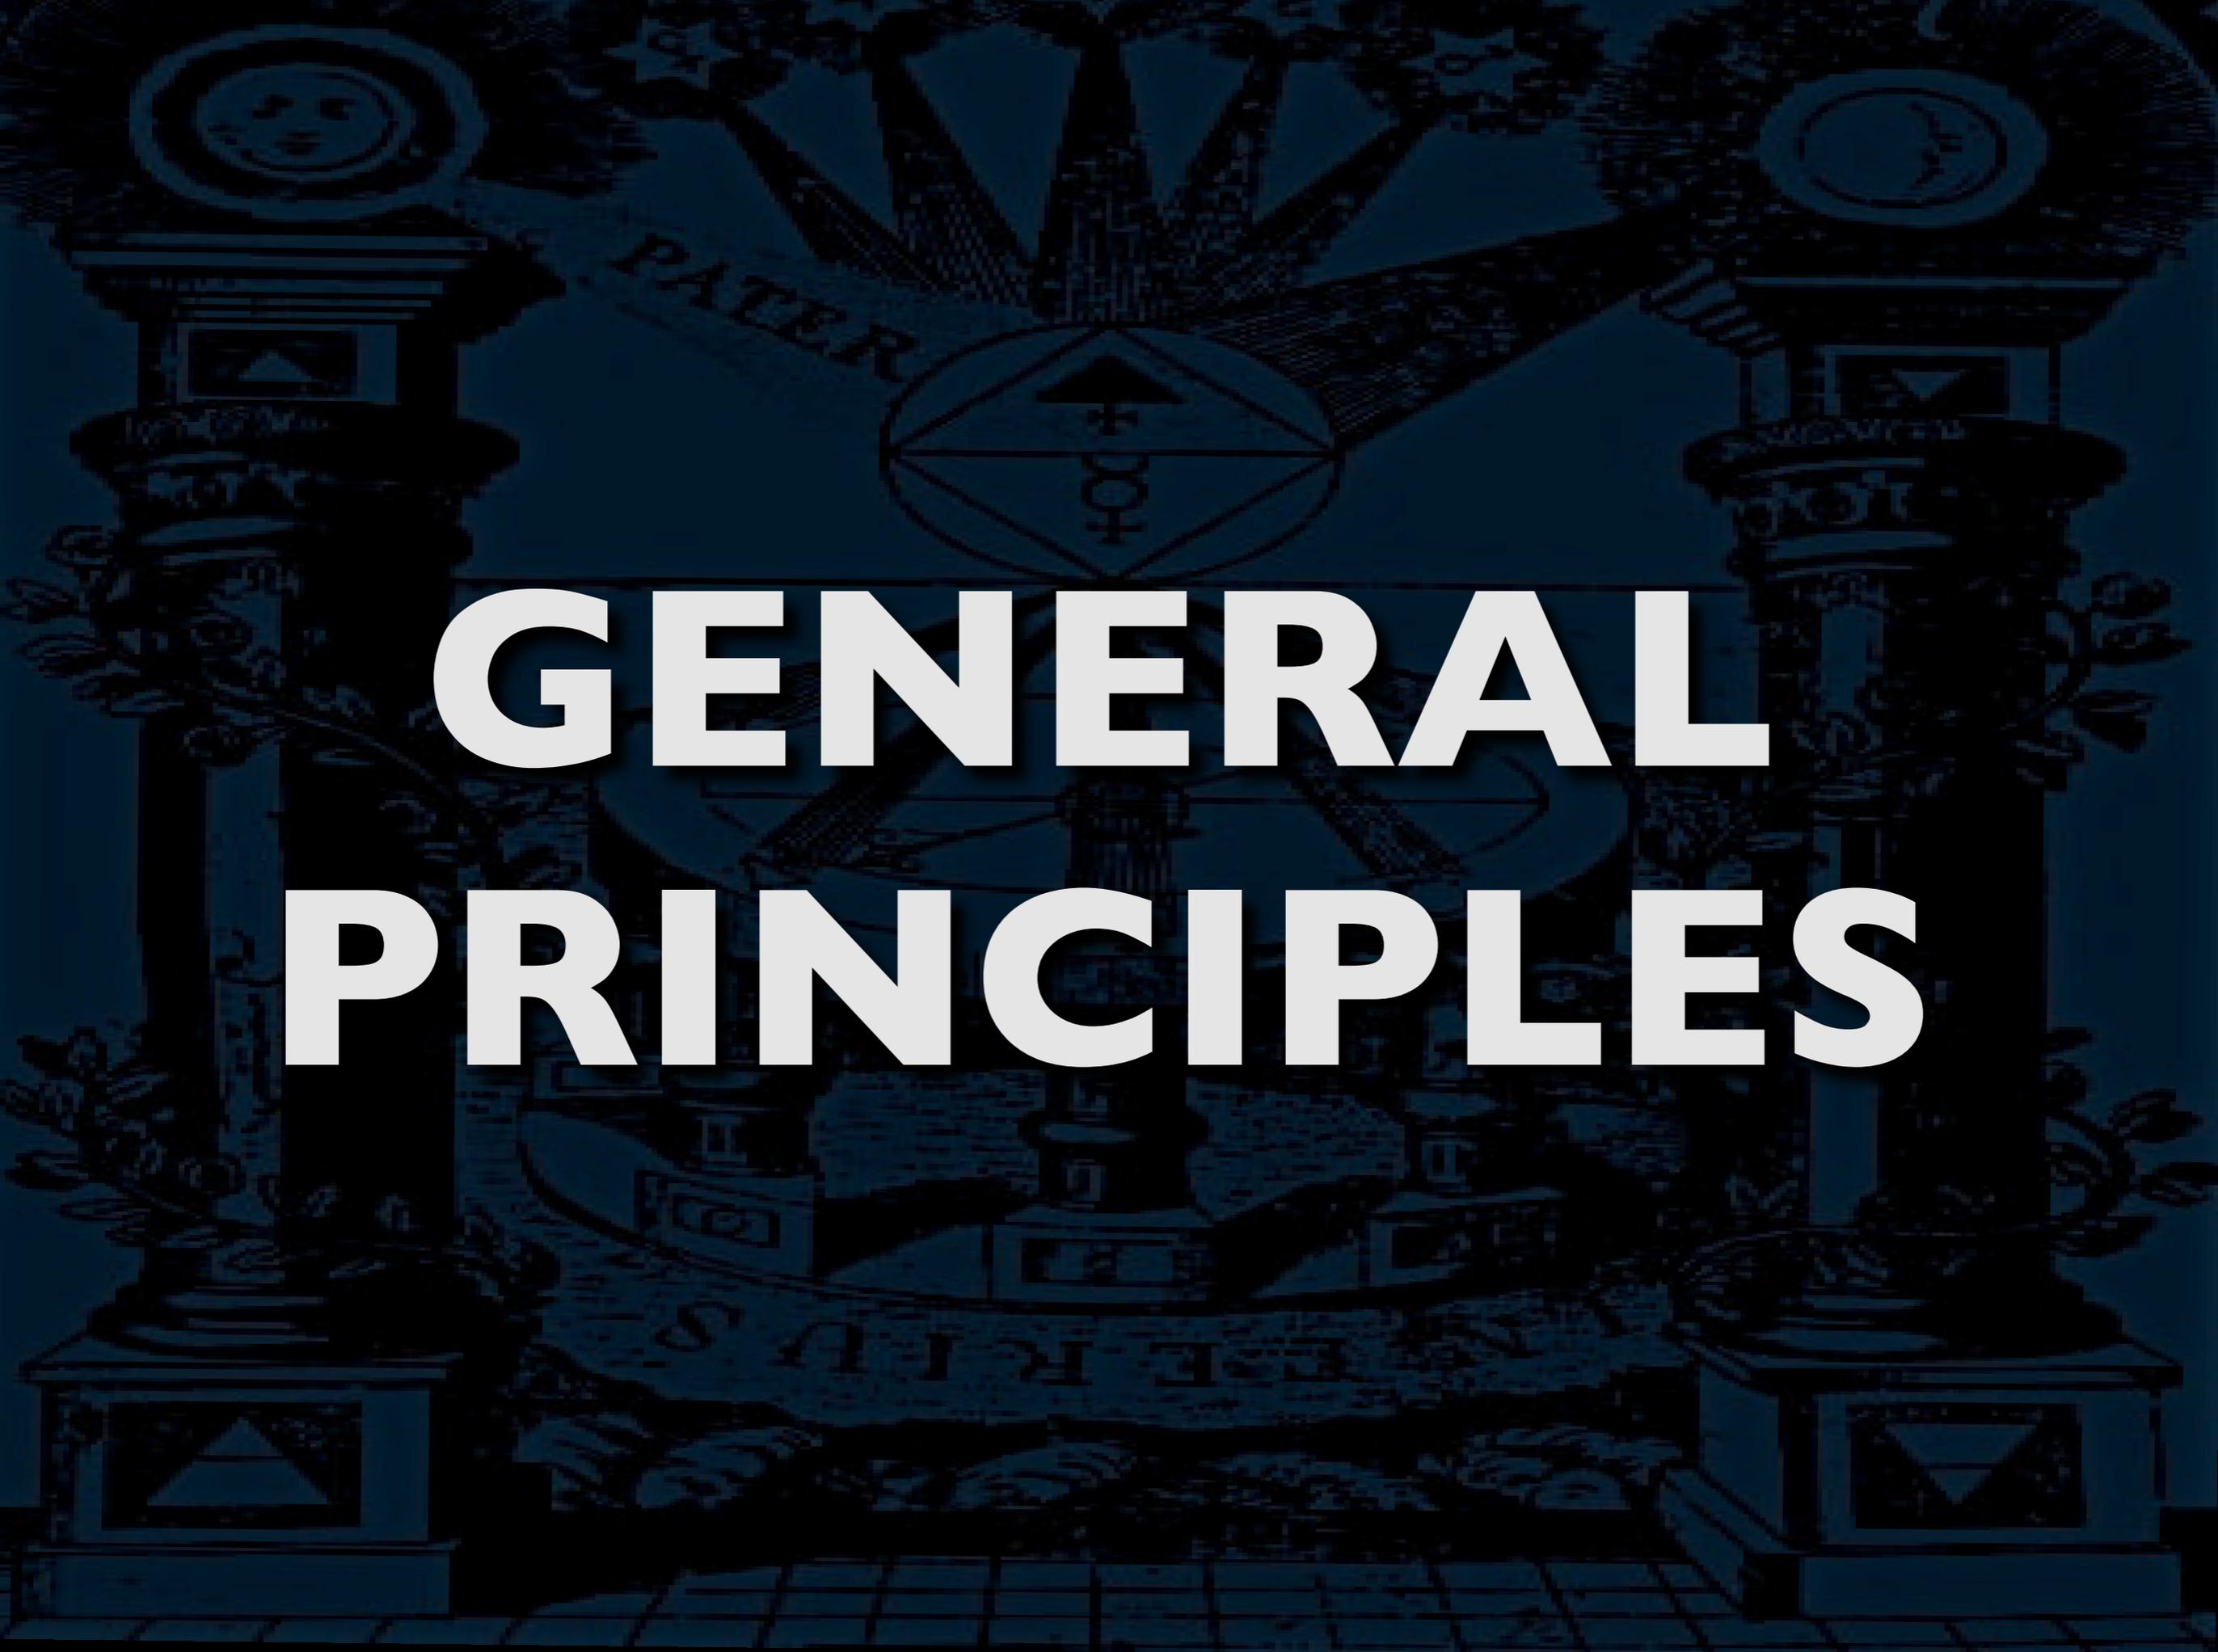

In The Foundations Of America

When in the Course of human events it becomes necessary for one People to dissolve the political bands which have connected them with another and to assume among the Powers of the Earth, the separate and equal station to which the **Laws of Nature** and of **Nature's God** entitle them, a decent respect to the opinions of Mankind requires that they should declare the causes which impel them to the separation.

NATURAL LAW

In The Foundations Of America

We hold these **Truths** to be **self-evident**, that all men are **created** equal, that they are **endowed** by their **Creator** with certain **unalienable Rights**, that among these are Life, Liberty and the Pursuit of Happiness.

GENERAL PRINCIPLES

General Principles Of
NATURAL LAW

Natural Law is ultimately expressed through **7 Basic Principles** (first things). Those who know and adhere to these Principles possess the **Key** through which the **Wisdom of the Universe** is unveiled.

General Principles Of
NATURAL LAW

The Principle of **Mentalism**

The Principle of **Correspondence**

The Principle of **Vibration**

The Principle of **Polarity**

The Principle of **Rhythm**

The Principle of **Cause And Effect**

The Principle of **Gender**

DISCOVERY

vs.

BELIEF

“There are two ways to be fooled. One is to believe what is **not** true; the other is to refuse to accept what **is** true.”

- Soren Kierkegaard

BELIEF IS...

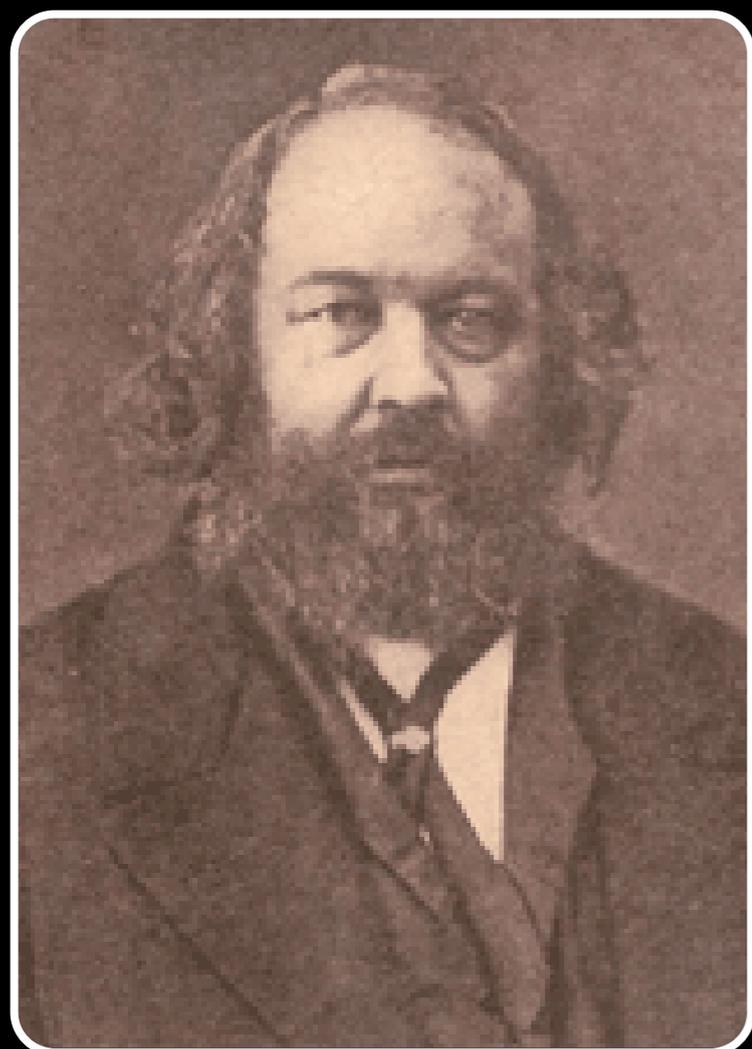

I DON'T
BELIEVE...

BELIEF IS...

IRRELEVANT

“The Liberty of man consists solely in this, that he obeys the **Laws of Nature**, because he has himself **recognized** them as such, and **not** because they have been **imposed** upon him externally by any foreign will whatsoever.”

- Mikhail Bakunin

NATURAL LAW

Also Known As...

NATURAL LAW, a.k.a.

LAW OF CAUSE AND EFFECT

“Effect invariably follows cause.”

“For every action, there exists an equal and opposing reaction.”

LAW OF ATTRACTION

“The energy you emit is the energy you attract.”

“Energy flows where attention goes.”

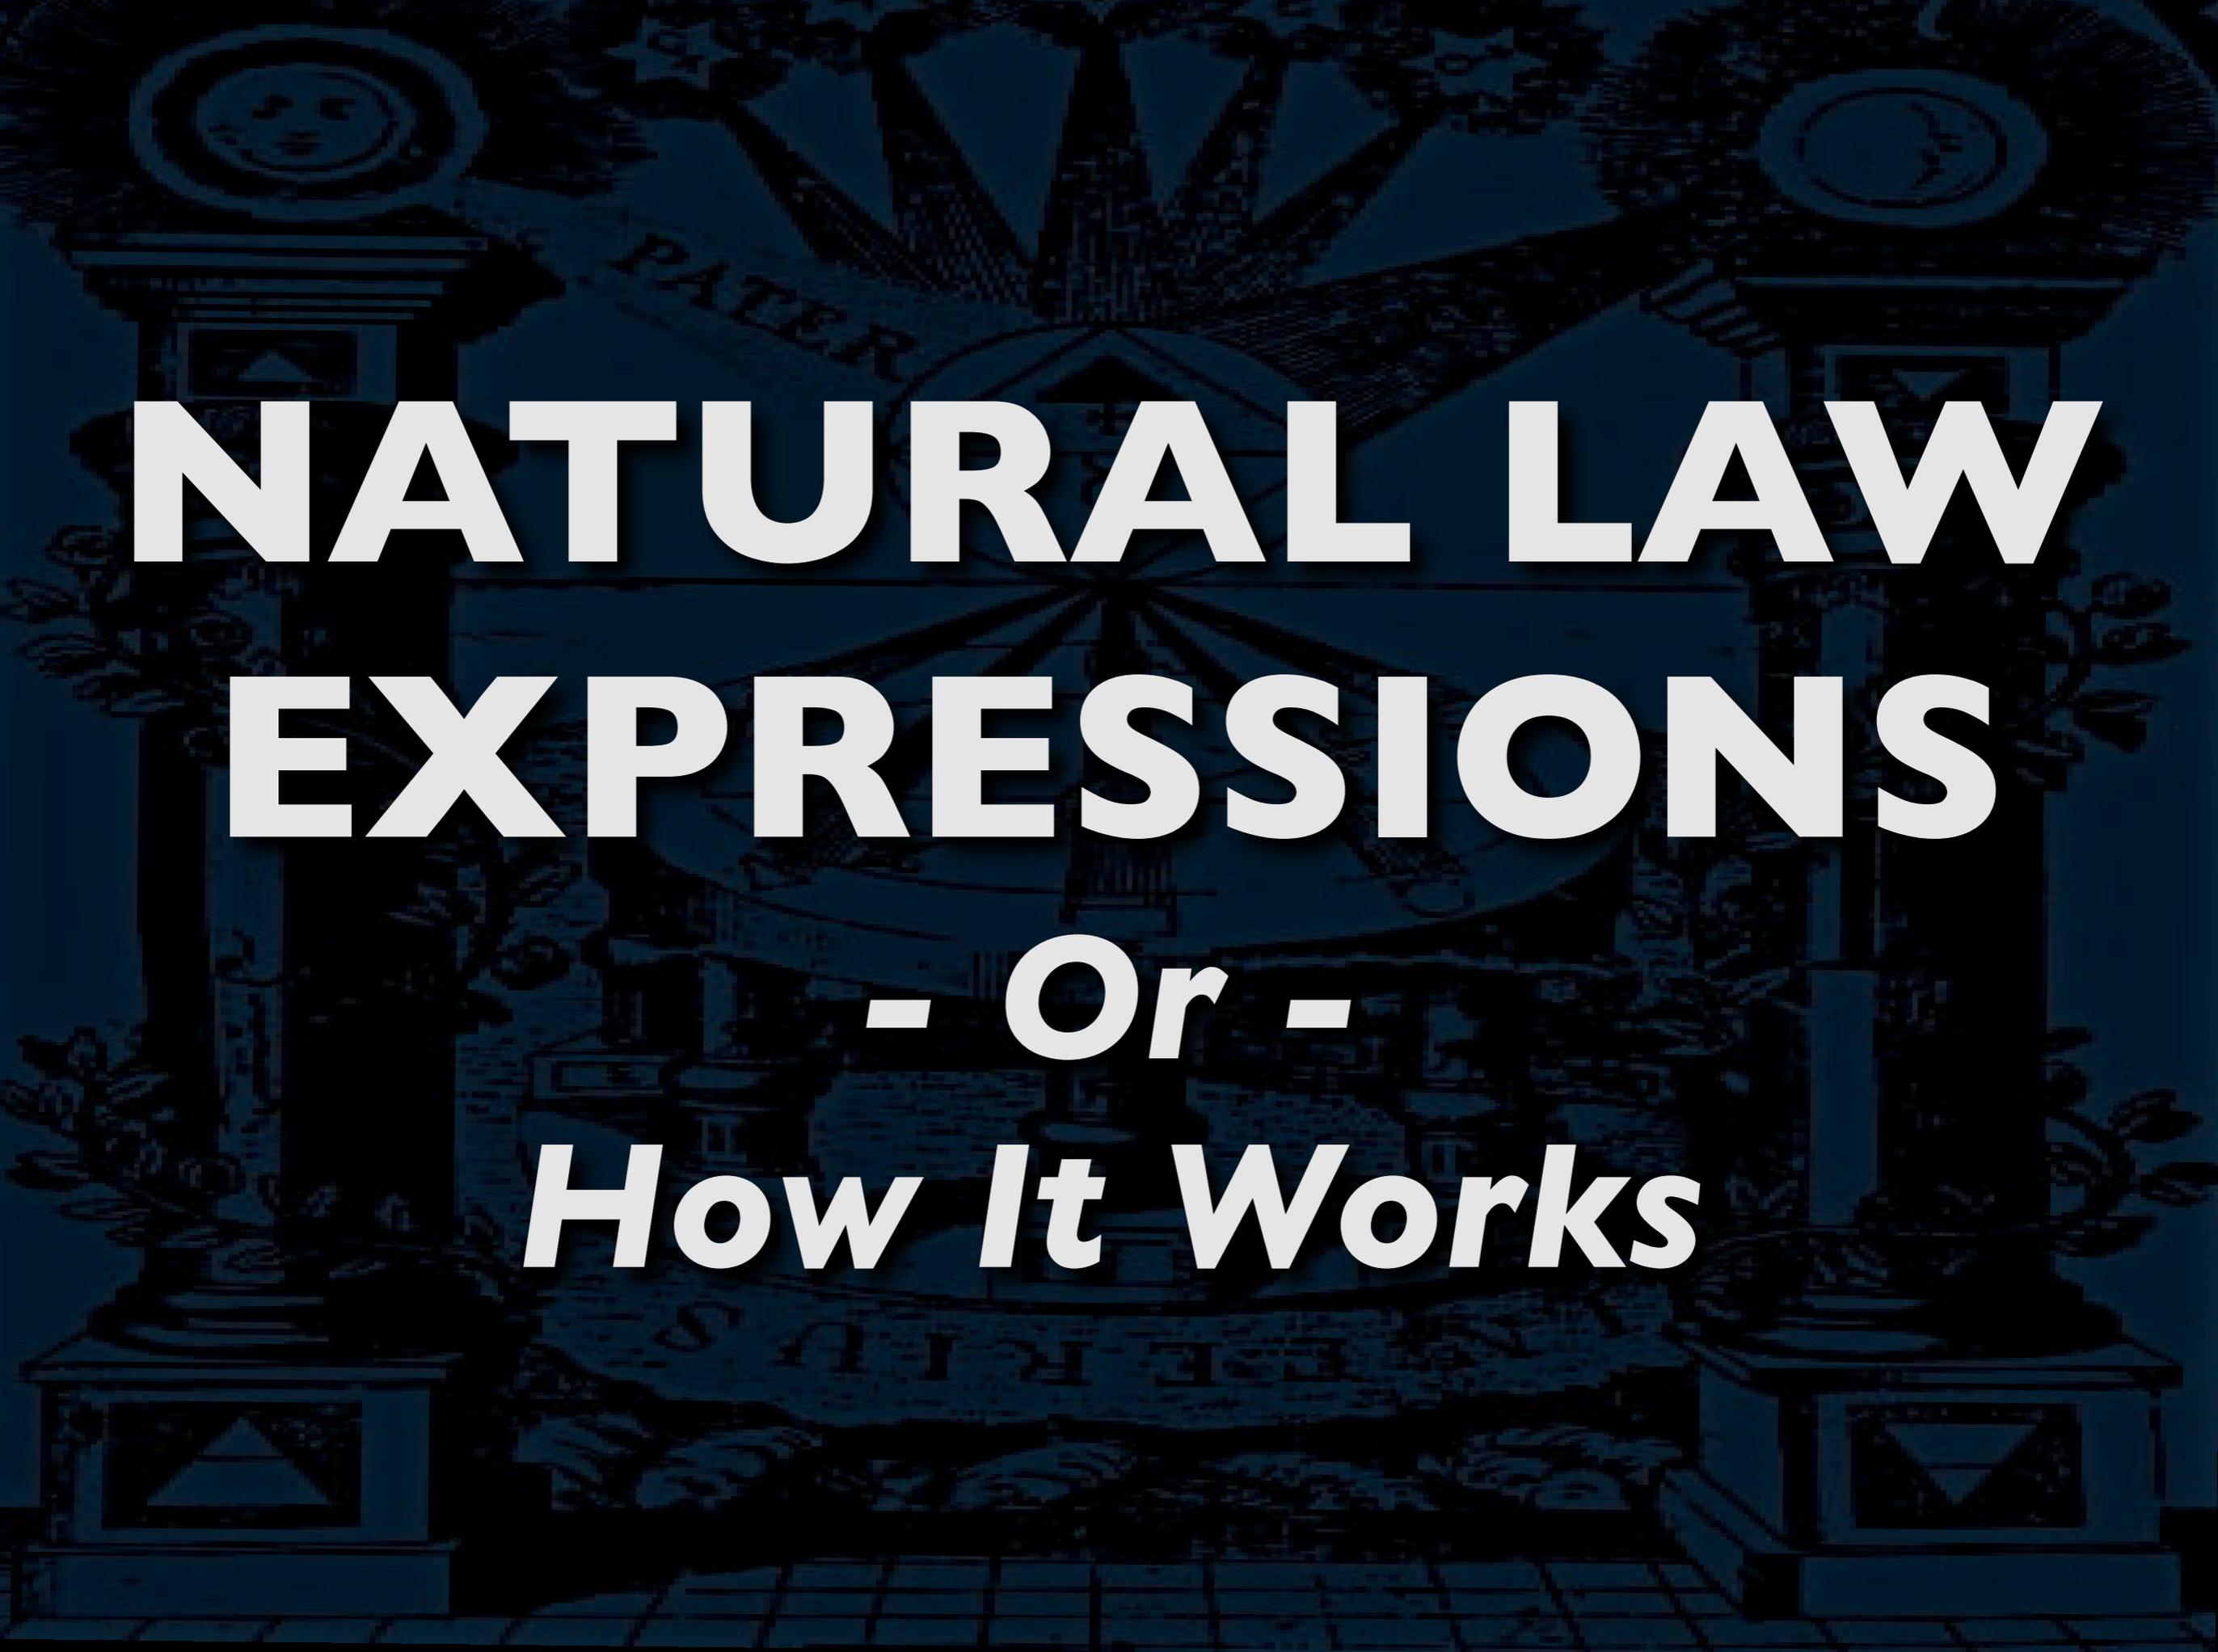

“As you think, so you shall be.”

KARMA or MORAL LAW

“You reap what you sow.”

GOLDEN RULE

“Do unto others as you would have done to yourself.”

IGNORANCE

“If a nation expects to be ignorant and free, in a state of civilization, it expects what never was and never will be.”

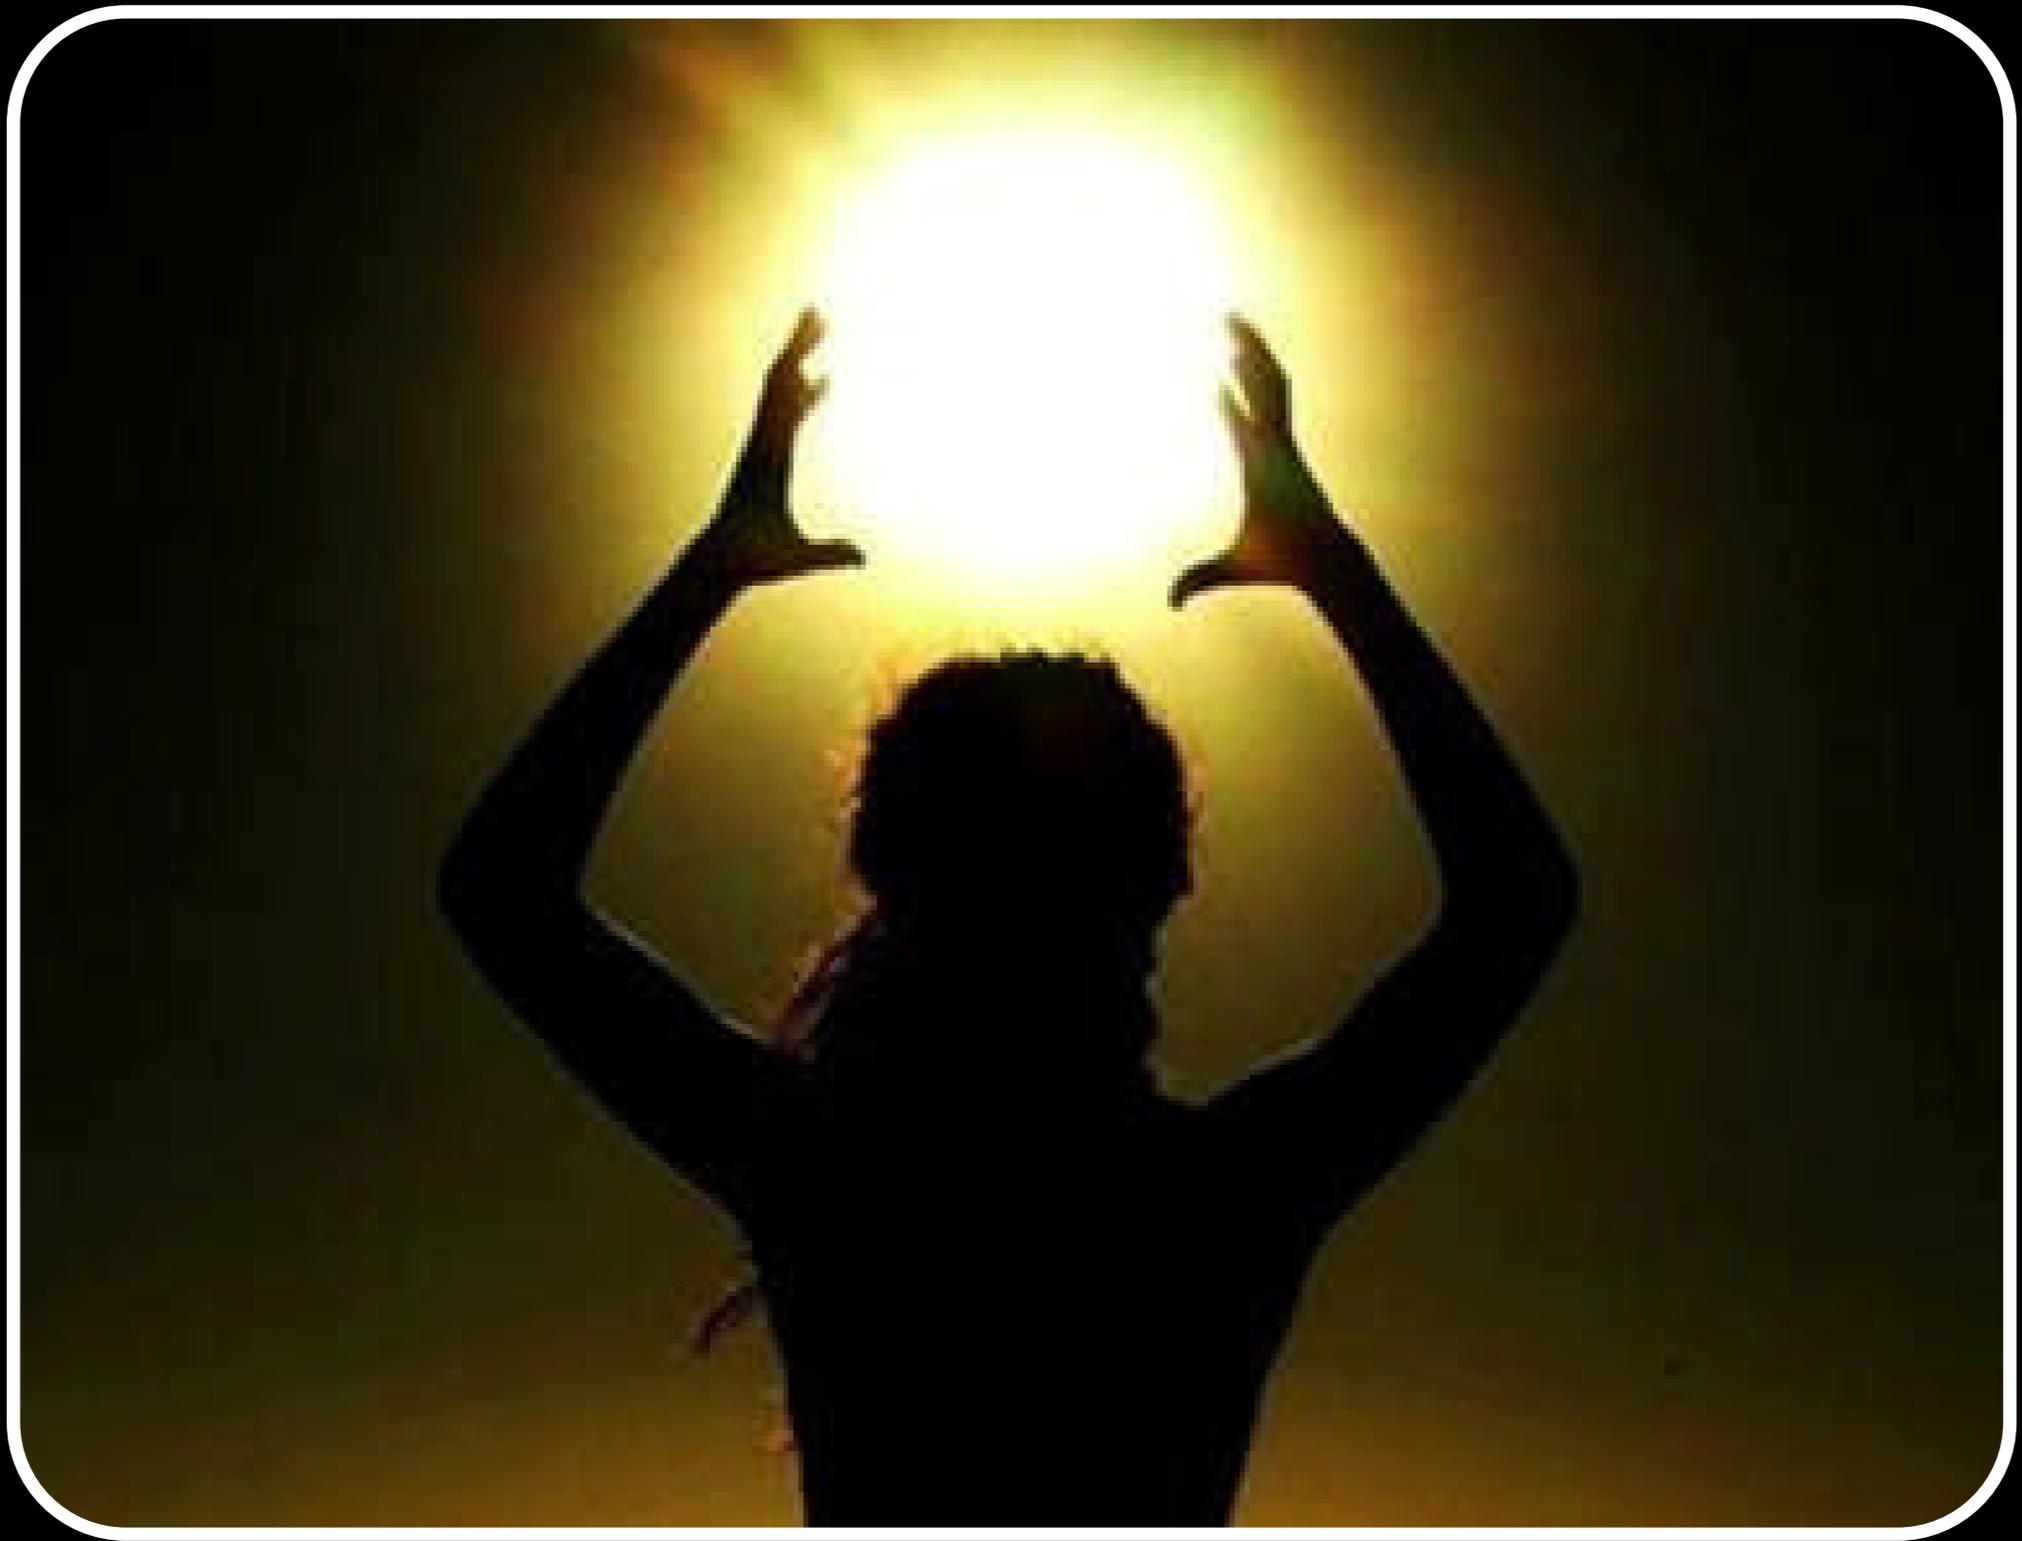

- Thomas Jefferson

“A society whose citizens refuse to see and investigate the facts is a society that **chooses** and **deserves** the Police State Dictatorship it is going to get.”

- Ian Williams Goddard

SOVEREIGNTY

SOVEREIGN

From Latin:

***super* = above; *regnum* = rule or control.**

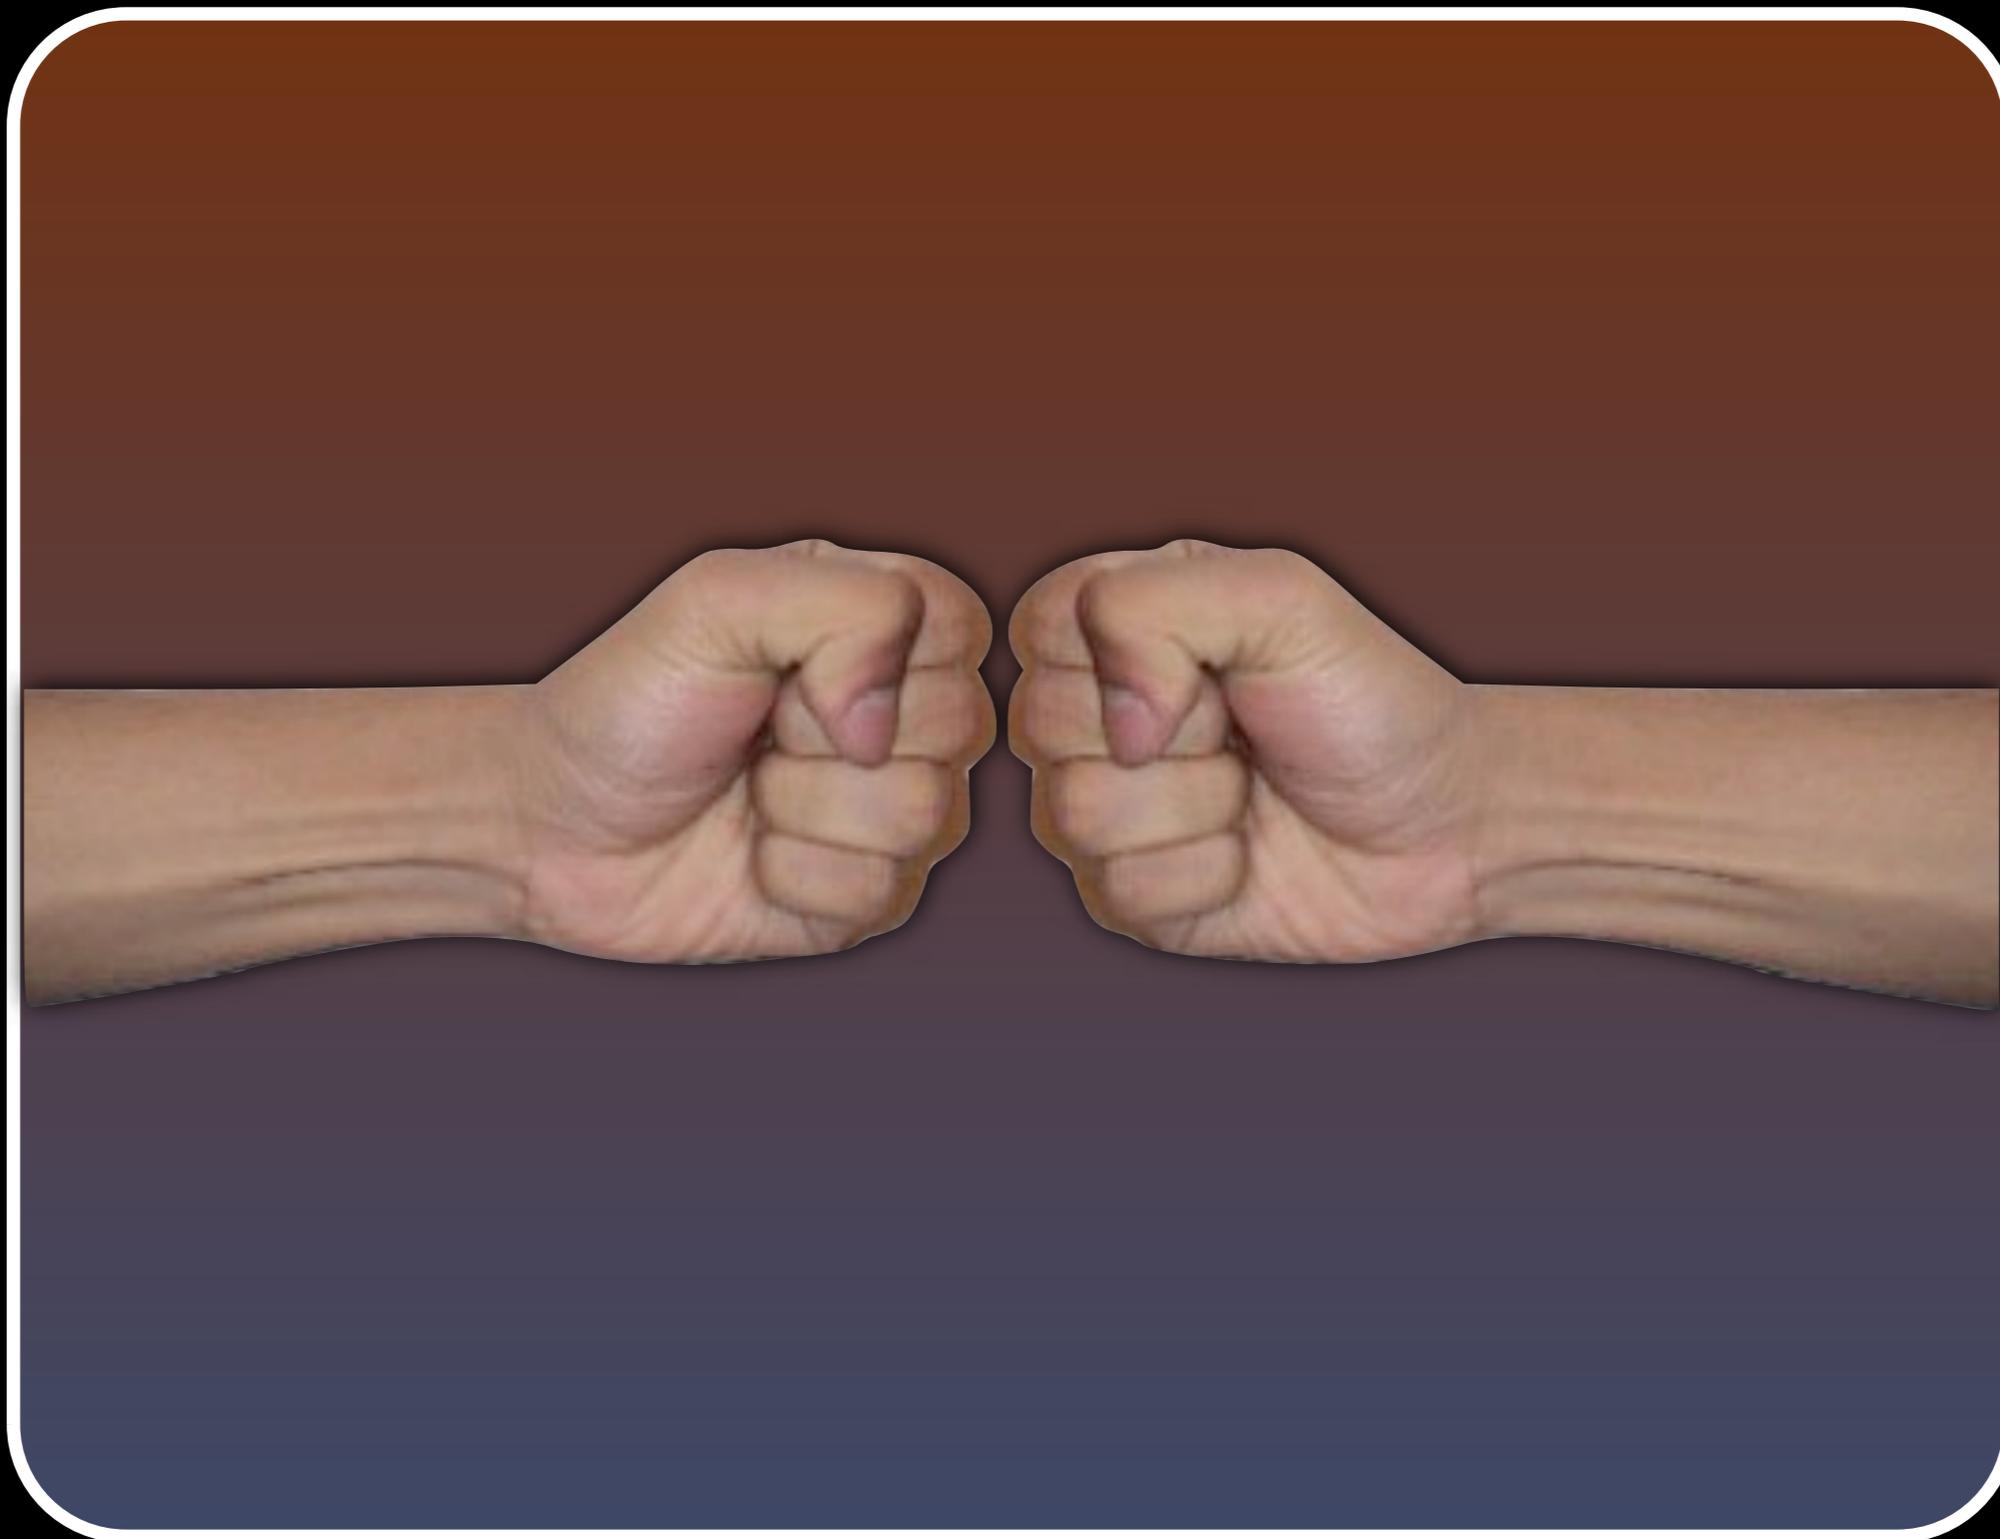

**King or Queen; one who is above rule
or not a subject to any other.**

**Ruler Of The Kingdom Of Self:
Thoughts, Emotions, & Actions exist in
Unison, or Non-Duality.**

**Self-Ownership = Internal Monarchy
Monarch = one ruler**

CONSCIENCE

From Latin

Con: *Together; Sciere: To know;
to understand.*

To Know Together

COMMON SENSE

KNOW YOUR RIGHTS

- It is best to understand Rights in the *apophatic* sense; to know which actions are **NOT** Rights because they cause *harm*.
- Natural Law holds true regardless of population.
- When in doubt as to whether an action is in harmony with Natural Law, visualize the scenario of a world with only two people.

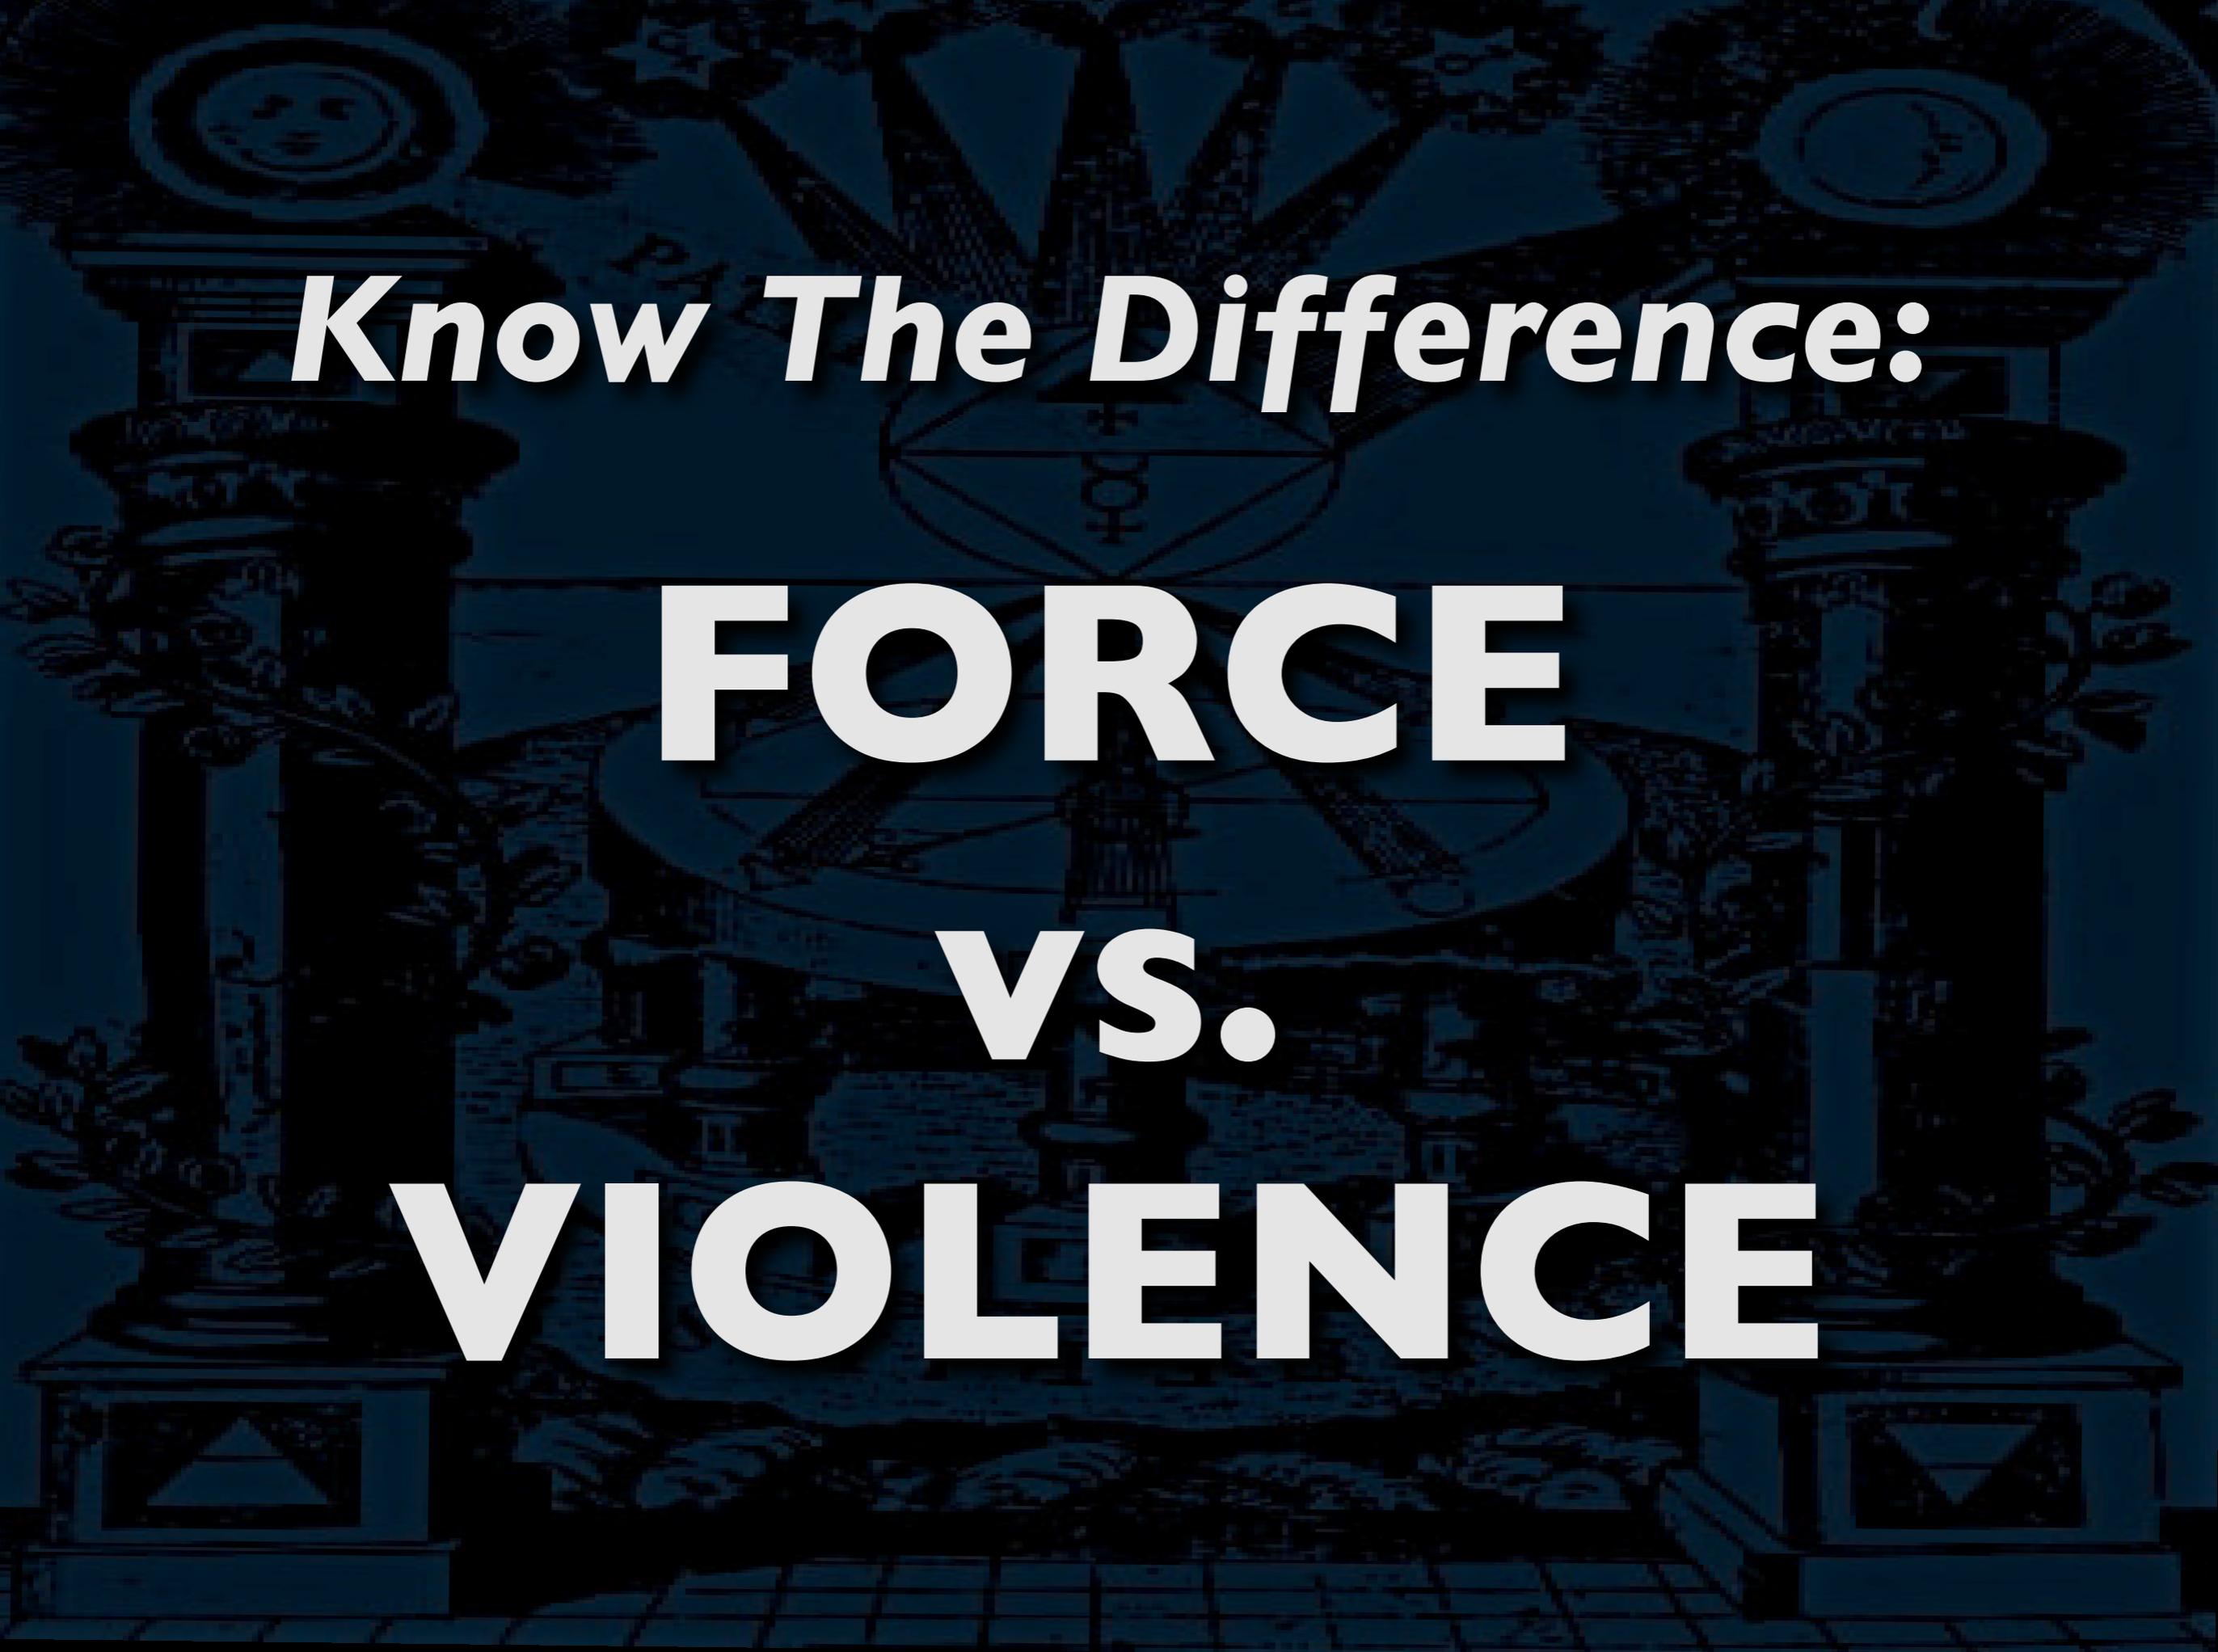

FALL OF THE REPUBLIC

“Because choice is subsequent to a judgment upon the truth of the matter presented, is an immutably true principle that human Liberty depends entirely upon judgments which conform to Natural Law. If a judgment which does not conform to Natural Law, which is therefore objectively false and immoral, is acted upon by the will, then it becomes a source of grave disorder in society. Exponentially multiply these numbers of individual immoral acts, and you have a Republic that collapses from moral decay in a short period of time.”

- Aquinas, *On Liberty*

Know The Difference:

FORCE

vs.

VIOLENCE

FORCE

Voluntary action
based in morality and
Natural Law

Action which one
possesses the Right
to take

Does not violate another's
Natural Law Rights
(may include defending oneself and
one's Rights against Violence)

VIOLENCE

Initiation of coercive action
which is **not** based in
morality and Natural Law

Action which one
does **not** possesses
the Right to take

Always involves the
violation of another's
Natural Law Rights

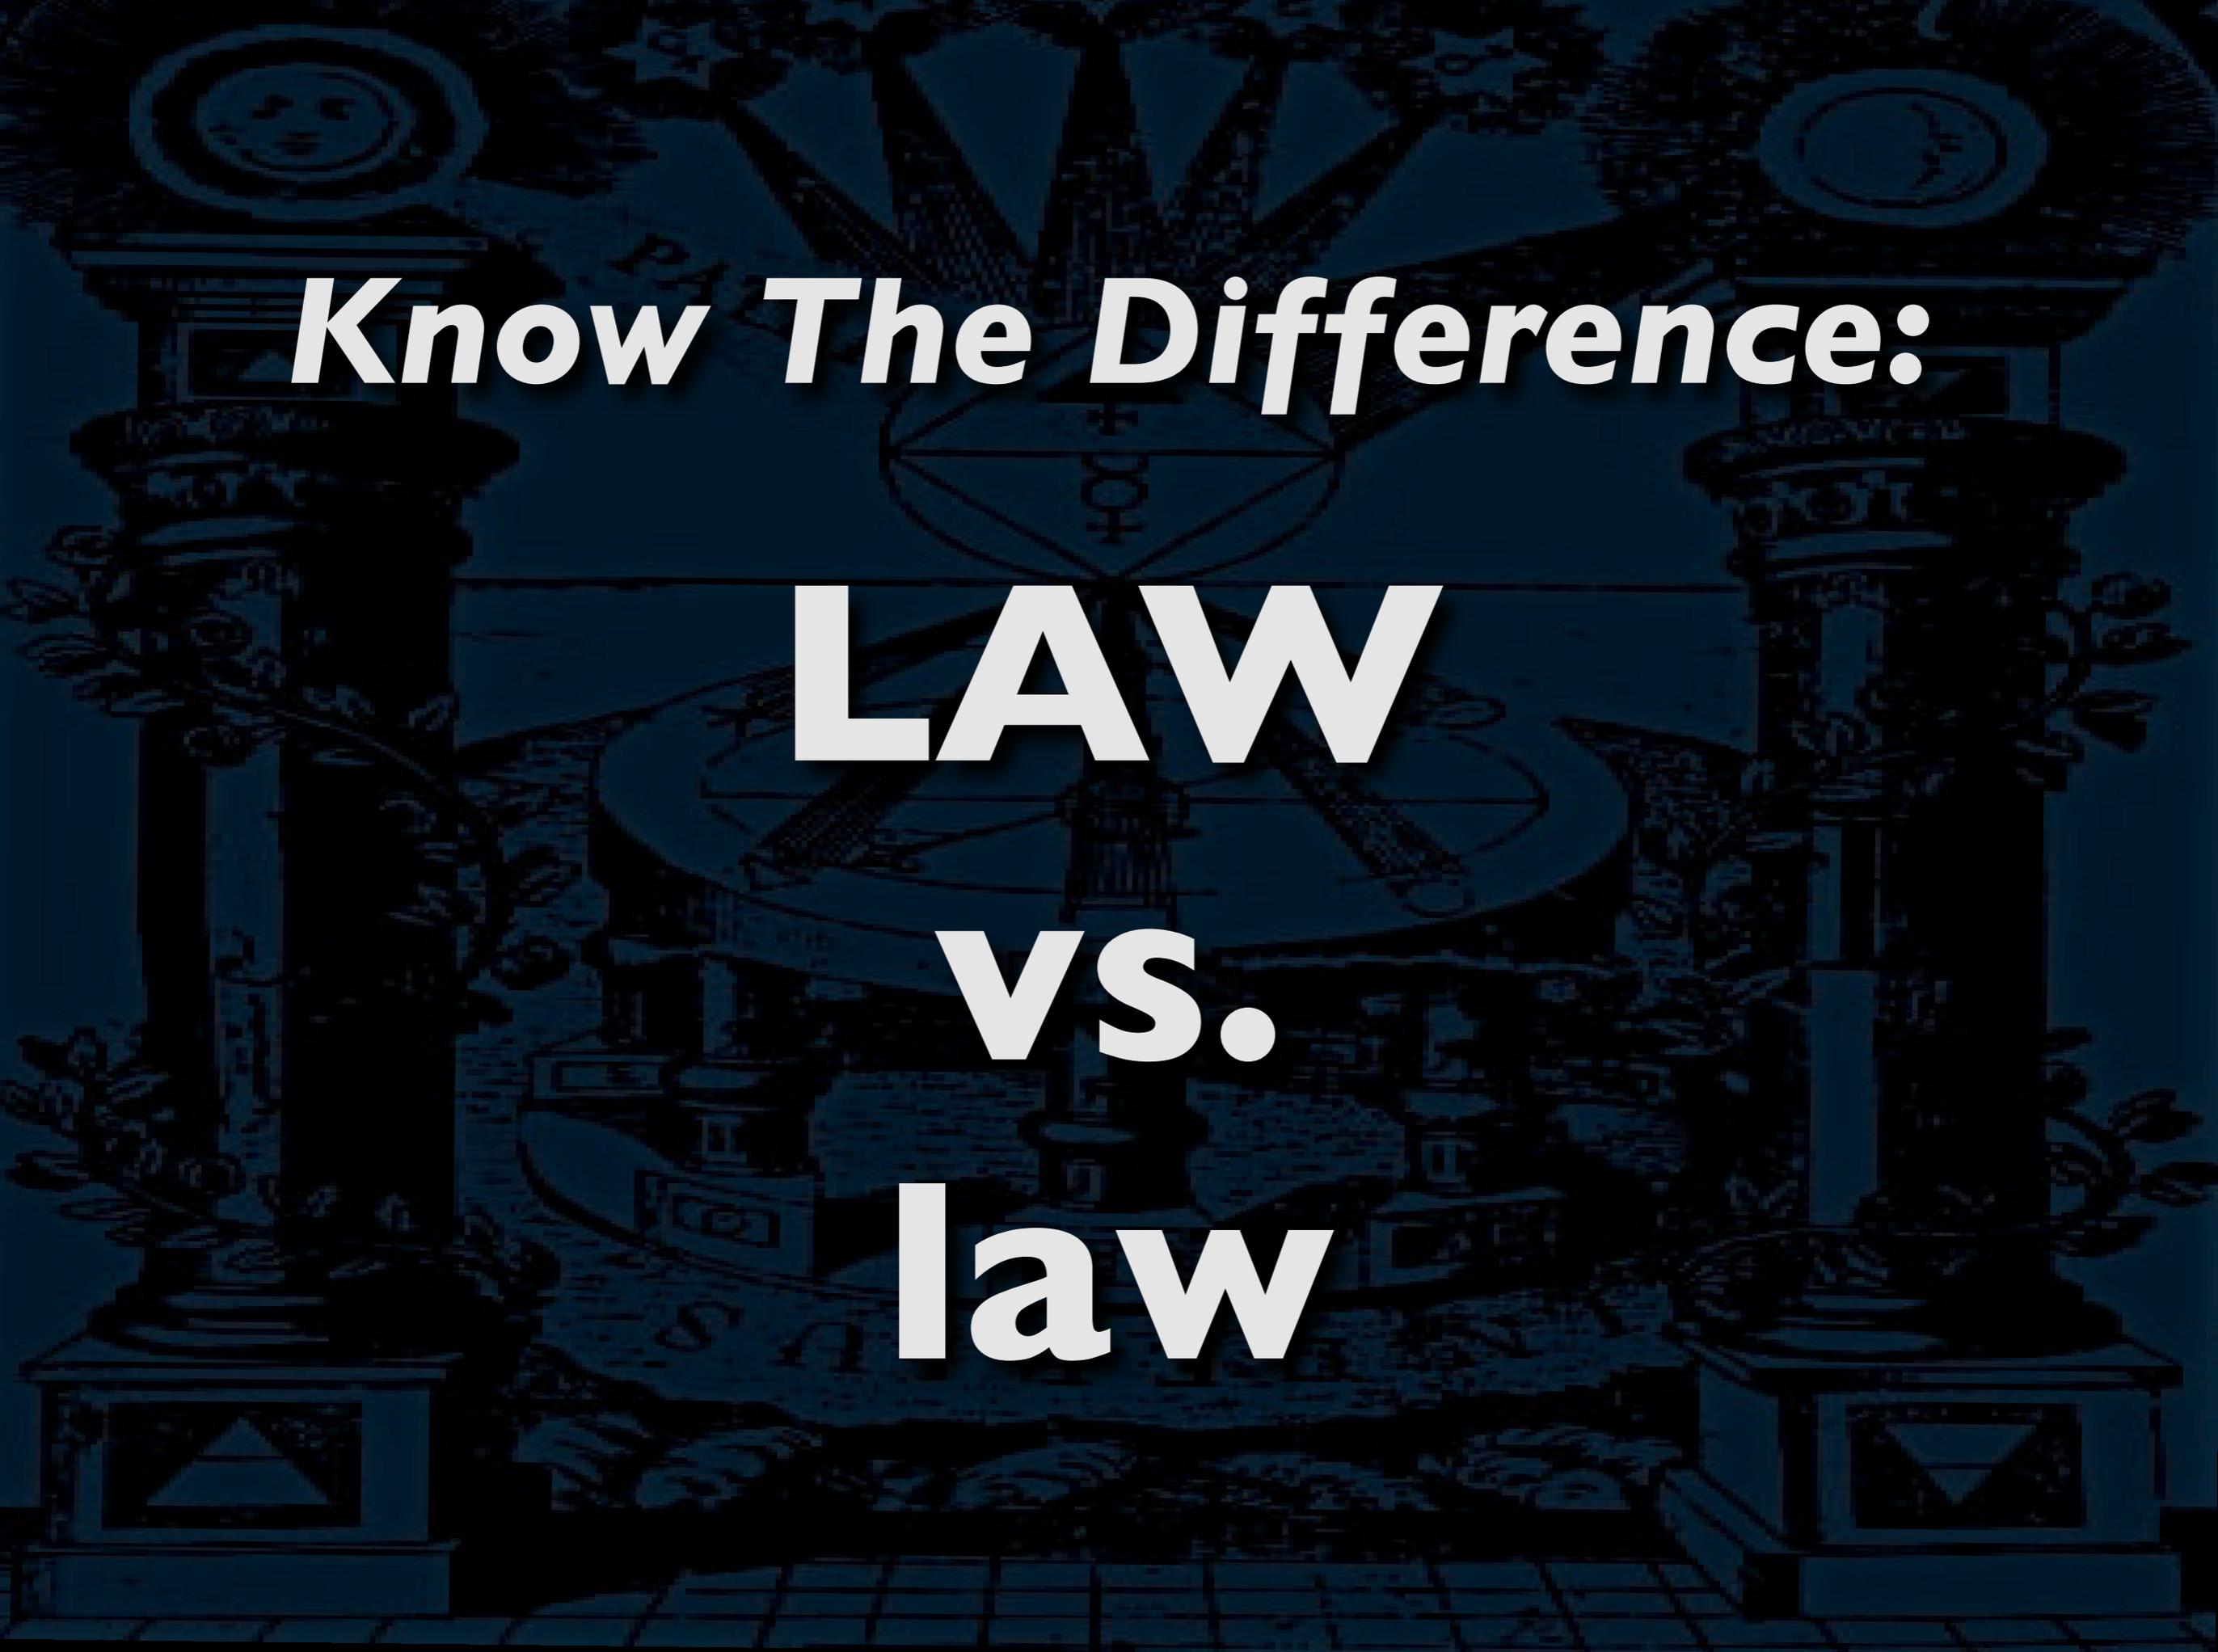

I'M GOING TO KICK YOUR ASS
AND GET AWAY WITH IT.

**TAXATION
IS
SLAVERY**

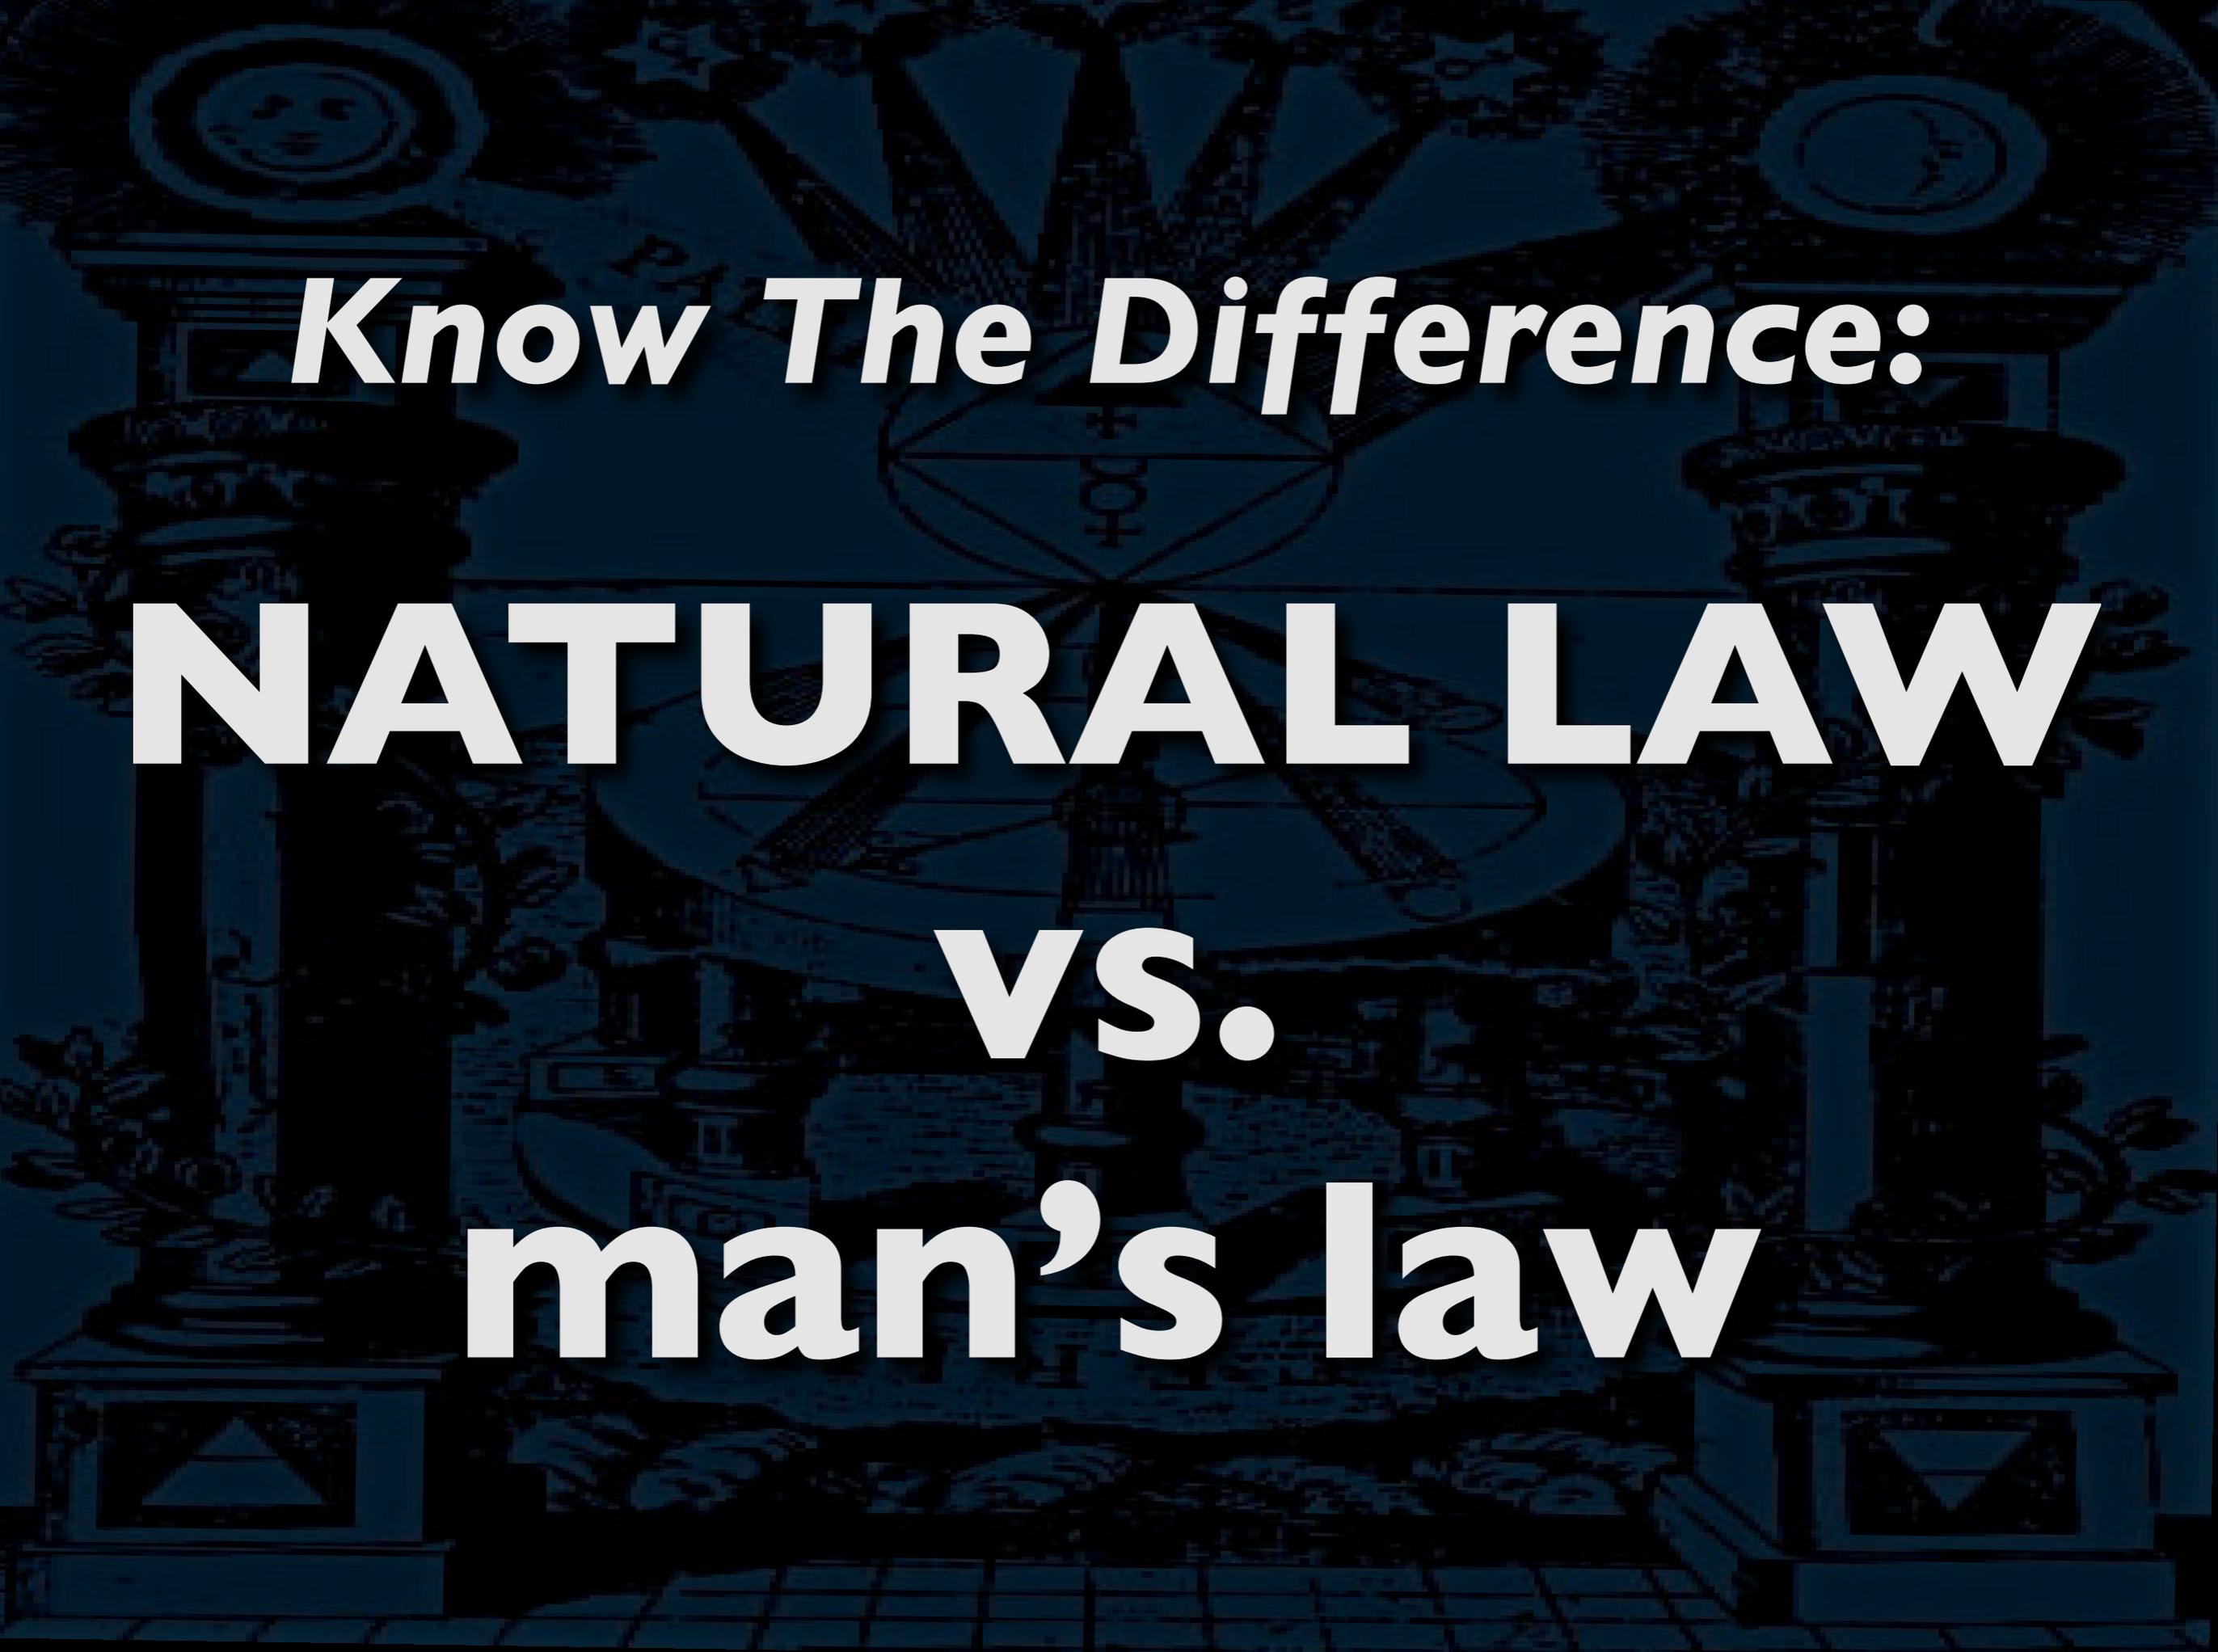

Know The Difference:

The background features a detailed, dark-toned illustration of a classical architectural structure, possibly a library or a university building. It includes several tall columns supporting a roof, and a large globe or sphere is visible in the center, surrounded by various architectural details and decorative elements.

KNOW THE LAW

- A living being ***must*** be ***harmed*** or ***defrauded*** in order in order for a violation of Natural Law rights to have taken place.
- Rights that do not exist for an individual ***can not be granted*** by man's law to any another individual or to any group of individuals.

So what does this mean for

man's law?

If man's law is...

In Harmony
with
Natural Law

It is redundant
(states what is
self-evident)

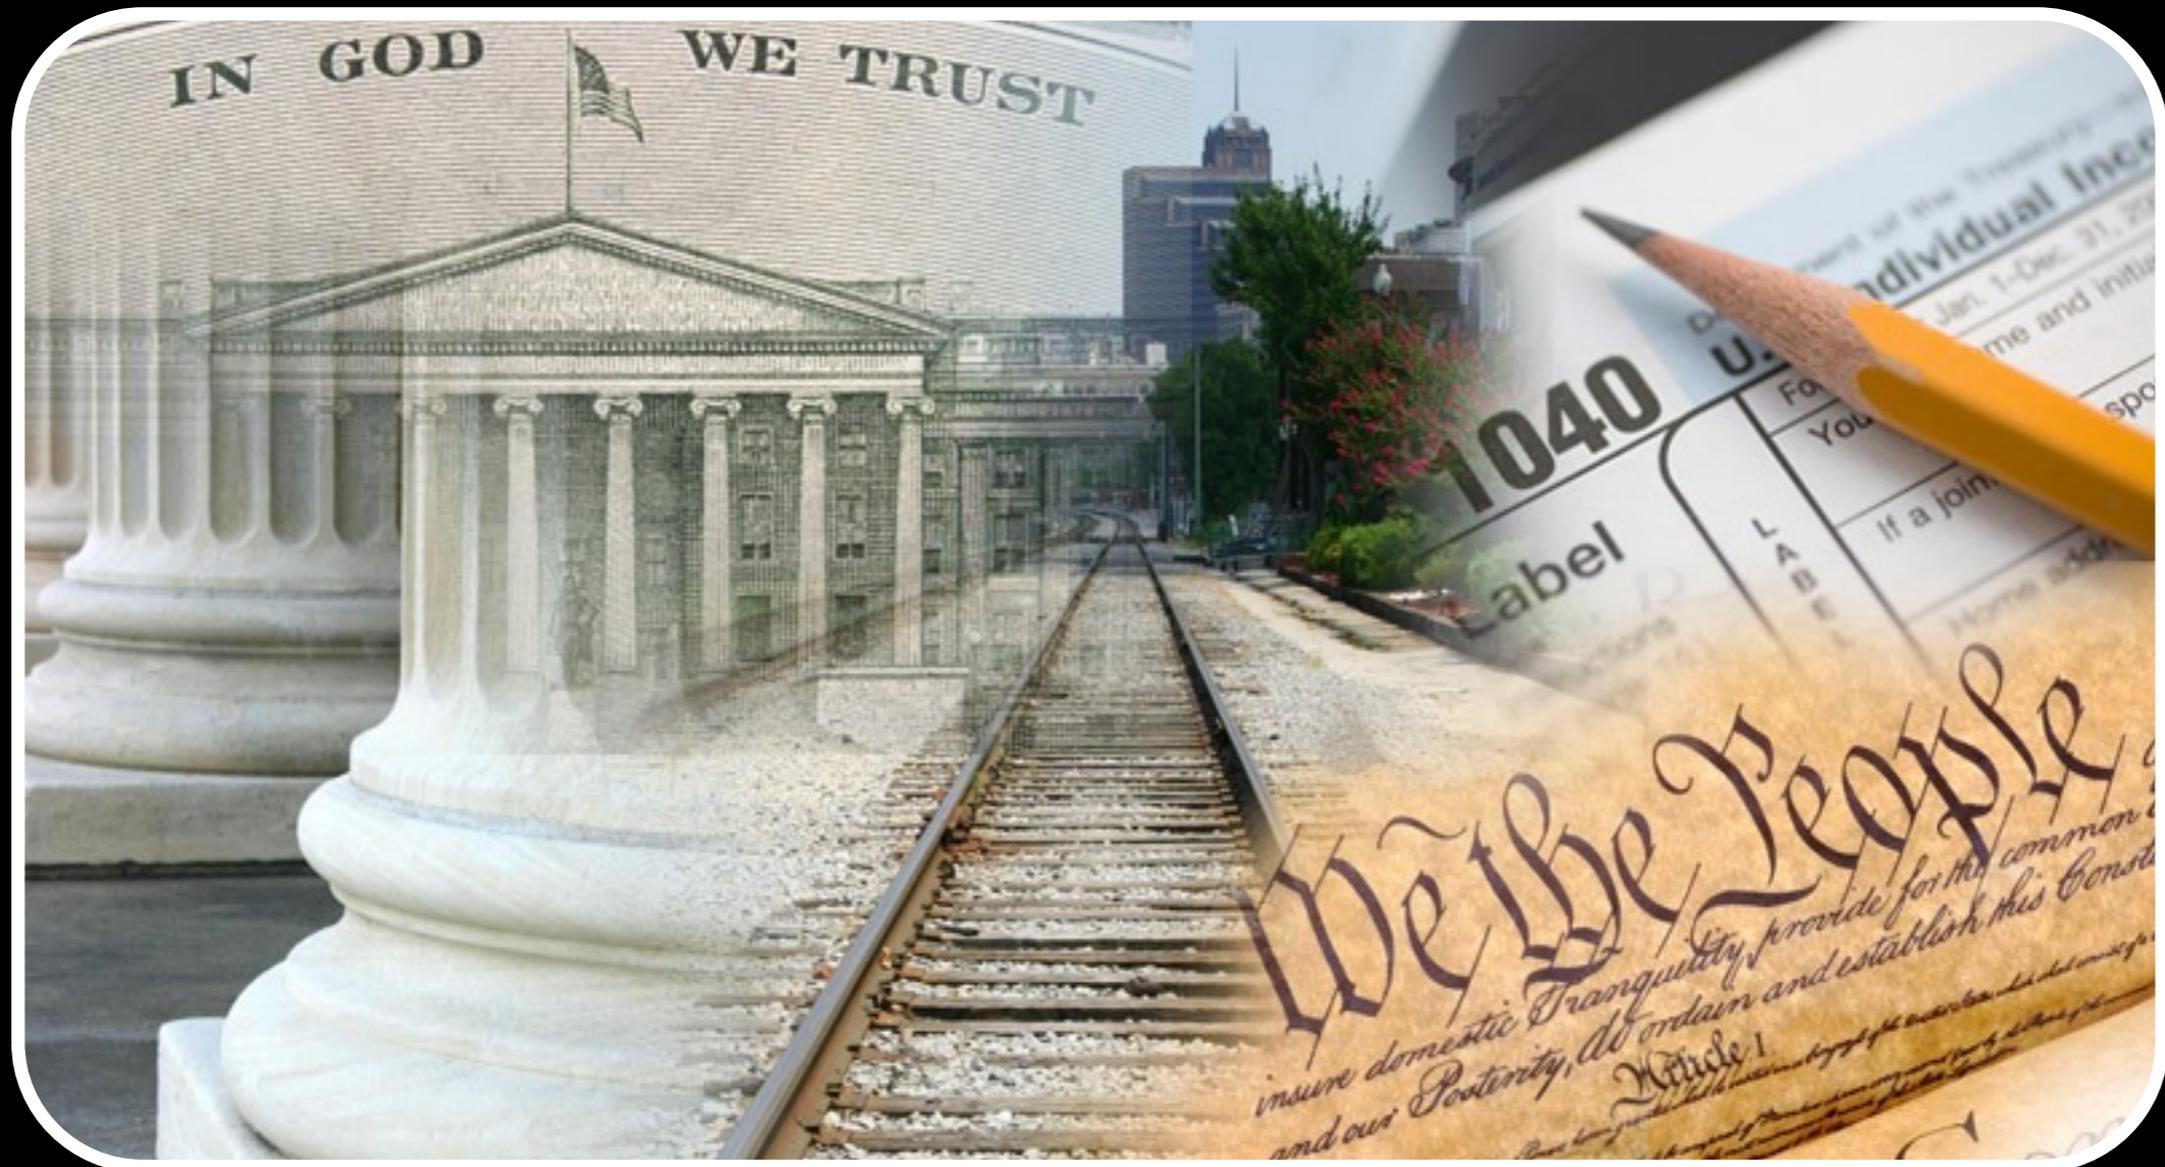

It is therefore
unnecessary

In Opposition
to
Natural Law

It is both
False and
Immoral

It **cannot** be
binding upon
anyone

**In Light Of Natural Law,
man's law is...**

IRRELEVANT

Know The Difference:

RESPONSIBILITY

vs.

ABDICATION

RESPONSIBILITY

Whenever we hand over our Natural Law Right to use force to another individual, group or entity, we have abdicated our own personal responsibility, which is the foundational basis for the discovery and understanding of Natural Law.

“Those who would
give up Essential Liberty

Temporary Safety,

- Benjamin Franklin

“They must find it difficult... those who have taken authority as truth, rather than truth as authority.”

- Gerald Massey

“Accept responsibility for yourself and your actions, thoughts and words. You alone make choices. You alone are answerable to the consequences of your behavior. The feeble excuse that your boss required it, the establishment expected it, holds no truth or justification.”

- David Icke

“What is the point of having principles if you allow others to dictate your behavior? At the end of the day, you will judge your performance and the contribution you have made to Creation. It will not be based on what another expected of you, or what you did because you felt trapped.”

- David Icke

FREE WILL

“Nature, to be
commanded, must
first be obeyed.”

- Francis Bacon

with Natural Law leads to:
